

Piton de la Fournaise

Star fruit

lychees

*October 9th 2020
Reunion Island*

Hello! How are you?

We are pupils from Montgaillard Middle School in St Denis, Reunion Island. We are 12 years old and we would like to tell you about our island.

La réunion ist eine Insel im indischen Ozean. Es gibt schöne Strände: du kannst im Meer schwimmen oder am Strand picknicken.

Im November gibt es flamboyants, rote Flammbäume.

There are 2 volcanos : one of them is still active, it is the Piton de La Fournaise and the other one is the sleeping Piton des Neiges. There are beautiful birds like paille-en queue or papangue (Reunion harrier), turtles, « endormis », margouillat (it's a small lizard that lives in the houses) etc...

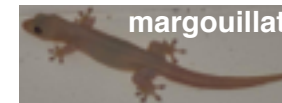

endormi

If you come to Reunion, you have to learn its language: creole ! For example to ask « how are you ? »

you can say « komen i lé? »

Maloya is a traditional dance, it's our History and refers to our ancestors.

margouillat

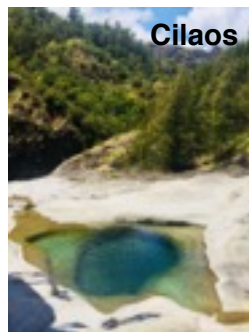

In Reunion, we have delicious fruits: lychees, mangos, star fruits etc... and we love eating ! For a typical menu, for example, as a starter, you can eat « samoussas » and « bonbon piment », then as a main dish, you can try the traditional « rougail saucisses » (sausages with tomato sauce and spices). As a dessert, you should try sweet potato cake!

Esperamos que os haya gustado la postal y esperamos con prisa la vuestra!
