Hello ! How are you ?

Here in Reunion Island, we are all fine ! We are 11-year-old pupils from Montgaillard Middle School in St Denis, Reunion Island. It is a French island in the Indian Ocean.

Nous parlons français mais nous avons aussi un langage particulier qui est le créole. Par exemple, pour demander « comment ça va? », en anglais « how are you? », nous disons « komen i lé? ». (We speak French, but we also have a particular language called « creole », for example, to ask someone « how are you » we say « komen i lé? »)

Here, you can go to the volcanos: Piton de la Fournaise or Piton des Neiges. You can go the beach or visit the main cities: St Denis, Ste Marie, St Paul, St Pierre...

Now, let's talk about important things 🤗 In Reunion Island, there are typical dishes such as the « rougail saucisse » (sausages, tomato sauce, and spices) : it's so delicious ! In Reunion, you can go paragliding and hiking to see beautiful landscapes.

There are typical musical instruments, for example the « kayamb » and the traditional dances are « Maloya » and « Sega ».

In Reunion Island, there is the « Reunion Harrier» called « papangue »: it's a big bird and there is also the « paille-en queue », another beautiful bird (one of the emblems of our island). You can also see a special lizard that can change its color: it's the « endormi ».

To finish, here we have a legend called « Grand-Mère Kal », there are lots of mysterious stories and children are scared by this witch.

Esperamos que os haya gustado la postal y esperamos con prisa la vuestra!

The pupils from Montgaillard Middle School, Saint-Denis, Réunion Island
